

Annual Mitten Drive

It is that time of the year again and the South Haven Memorial Library is helping collect new mittens, hats and scarves for children and teens in the surrounding area. We have a collection box in our library by the large print area. Together with We Care Community Resource Center and First Assembly of God, we can help. The goal is to make Christmas a special time for local, underprivileged kids.

Last day for box pick up: Friday, December 16, 2022
